Summary

I am currently working with Vibrant Tech as an Flutter App Developer, where I have over 1 year of experience in the tech industry. My role involves collaborating with a team of developers to create innovative solutions and enhance user experiences. I have successfully contributed to several projects, which have significantly improved our clients' business operations.

I am currently pursuing a Bachelor of Business Administration (BBA) from Iqra University, where I am honing my skills in business management and administration. Alongside my academic pursuits, I have developed a keen interest in mobile app development, particularly using Flutter. I have completed an online course on Flutter through Udemy, which has equipped me with the skills to create dynamic and responsive mobile applications.
